

# REPLACEMENT RINGS

REVISIONS			
REV	DESCRIPTION	DATE	APPROVED

45° x .025 CHAMFER ON  
BOTH SIDES OF THE I.D.

The Airo Tool Replacement Ring is used with the 3 piece Blow Pin Assembly. This assembly replaces the one piece pull up cutter. The illustration shows a 1.200 diameter. This is for an example the o.d.'s come in many sizes to fit your needs.
